YOUR MONEY & YOUR SPIRITUALITY

CHANNELED TEACHING FROM ISHTARA

Channeled by **Holly Hawkins Marwood**

Paul Marwood

Leigh Ann please ask your question.

Leigh Ann

OK, I wanted to ask you a question about the relationship between oneself and money, in terms of it being a spiritual relationship and what your thoughts are about that?

Ishtara

This is a wonderful question, is it not?

Leigh Ann

Yes.

Ishtara

That most humans can relate to, for it is money is an energetic of exchange, correct?

Leigh Ann

Um hmm.

Ishtara

Would you like to know how to change your relationship with money using the Universal Sphere®? This is good, isn't it?

Leigh Ann

Yes, please.

Holly Hawkins Marwood

As Holly, I'm telling you, this is a big energy she just opened up into, OK, I'm getting like super hot. All right.

Ishtara

Everyone draw to mind an awareness around money. Whether it's coins, whether it's dollars in your hand, meaning the tangible part of money, the idea of money, the way money is represented in banks, what money can do for you, all the places you think it's not coming in the way you want. All the all of it. It's huge. It's a big, heavy energy, is it not?

Holly Hawkins Marwood

Sorry, I'm Holly, I'm distracted by how huge this is. All right.

Ishtara

We are going to we're going to go through a money experience right now, are you ready? Everyone bring your hands up, in a very familiar position, we're going to begin doing a sphere.

Ishtara

I'm not going to tell you what it's for yet, and you'll find out in a minute, but, you know, it has something to do with money. Begin to see and feel and experience the sphere between your hands, whether you see it as that glorious glass sphere, whether you experience it as an energy between your hands. Deepen your experience, by feeling your awareness go deeper into the sphere. Remembering always that this is a microcosmic piece of the macrocosm. There is no limitation to the space between your hands. Relative to All That Is, the energy in there is full and complete, it's Unity.

Ishtara

Now, many humans are always trying to solve the mystery of money. Whether they have enough. Whether they feel stuck about manifesting or whether suddenly they have too much and management is a problem, because that is real.

Ishtara

Breathing in. Now begin to feel as if your energy of your heart space moves into the center of the sphere and from there moves out to the center of All That Is. Your awareness takes you there. And we're going to expand and feel this glorious space of unity that is foundationally who you are. The rest is not you.

Ishtara

Breathing in and relaxing, this whole money thing's brought in some constriction. Relax, relax, relax.

Ishtara

If you exist in a Unified Field, and money exists in a Unified Field, what this means is You Are Money. If your mind starts to go crazy with that, ask it to be quiet just for a moment. It can start chattering at you in a few moments and be annoying again. Breathe in to the awareness of I Am Money, and money is a vibration. And this vibration of money, as a vibration, is part of Unity.

Ishtara

And now begin to draw this sphere towards your body, whether it's towards your torso, abdomen or whether it's down onto your lap. Feel where the sphere touches the edge of your body slowly, do this very slowly. This is a big one. Slowly see it moving throughout your whole body, feel the light of unity, feel the light of the Unified Field, move into and through all of your cells. All of them. I Am Money, feel it. Dissolve all the barriers. Allow the light to move everywhere, down your legs, into your feet and your toes, up your torso, into your spinal column. Down your arms and into your hands, up, up, up into your brain. And now begin to see this vibration of I Am Money and money is Unity. Have it expand out through the edges of your physical body, further out.

Ishtara

Allow your breath to come in and out, and when you feel like it's fully in your body and it's moving out into space, rest your hands on your lap and observe it as it continues to move. If for some reason you feel places that it doesn't want to move, stick with it. Invite universal intelligence in there to move anything that's not money.

Ishtara

Now, raise your hands up again. Tune back into that space between your hands, feeling once again that microcosmic piece of the field of All That Is, we're doing this again in a slightly different way. Feel, experience the field of All That Is where Solution Energy is truth. Where there is no limitation, there's no code to crack on money and abundance, it does not exist in a field of unity.

Ishtara

So what you're going to do is begin moving this sphere towards you and deepen your awareness that I Am Money. I am abundance. I'm prosperity. I'm limitless. And allow that to move deeply into your physicality throughout your physicality. Deep, deep down into the tiniest little pieces of every single cell, tinier than the DNA moving out into the space around you. Feeling the Unity, feeling the Oneness.

Ishtara

And when it's past, the sphere has gone out past your physical body, you can rest your hands down again. And breathing in and out and allow the sphere to continue doing its work in a field of I Am Money, I'm abundance. Breathing in and out and opening your eyes.

Ishtara

Now, this circles back perfectly to what was discussed earlier on. For the place where you go back to I'm worthy, I am unique, I'm one of a kind, I'm beautiful, capable and confident. I am happy, joyful, all of those what was said earlier, as you embody the vibration of I Am, what's automatically dissolving are all the things, all the vibrations that are not that. Correct? So it means anything that's not worthy is being dissolved, anything that's not uniqueness and one of a kindness and happiness and joyfulness. Anything it is, is dissolving. So let's go back to the money.

Ishtara

If you begin to play with I Am Money, you're dissolving anything that's not money in your vibrational field. Now, here's a little twist to this particular one. What you might find as you play with the energy of money and it's dissolving I'm Not Money, it will work. And what you might find is you're going to need to begin working with the beliefs you have around money. For money isn't the issue. Your beliefs around money are the issue. Your vibrational stance relative to money is the issue. Not unlike saying you're sorry. The word in and of itself is a very high vibrational, caring, compassionate word, in its authenticity. And the same is true of money. So as you begin to do these spheres for money, to expand the vibration of resonance with money, dissolve anything that's not in resonance with money, allow yourself to be open to the idea that you have some points of view around money.

Ishtara

Most obvious, "money is the root of all evil". In a Unified Field is money, by definition evil? Money itself cannot be evil. The application and the use of it could bring that about, but that's at the hands of a human being, correct? So really begin to evaluate thoughts that come up around it and begin to do Universal Spheres® around the beliefs that will come up relative to the money. But when you're dissolving, when you're working with I Am Money and dissolving I'm Not Money, the the movement of those beliefs have less traction. Those beliefs that come about are stuck to the Not Money energy. Does this make sense?

Leigh Ann

Um hmm.

Ishtara

So you have the Not Money energy and it's got all these little pins sticking out of it that have all these other beliefs to augment, if you will, or enhance or beautify, quote unquote the Not Money. But if you're dissolving the essence of the Not Money, it's as if these beliefs become free floating, they're getting free. Does this make sense? So you want to capture them and begin to dissolve them and work with them with the Universal Sphere®. This we could talk about every day for the next month. Is this understood?

Leigh Ann

Um hmmm.

Ishtara

But this is a very poignant gift that's been brought to this group tonight. Are you feeling it?

Leigh Ann

Um hmm thank you.

Ishtara

But that's not what you expected tonight, is it?

Leigh Ann

Chuckling. Thank you.
